

SCORES SUGGESTIONS season 2019-20

The Italian Adult Committee has calculated the media scores for the different categories/ages by taking into consideration 3 competitions in which several Italian athletes have competed in past season 2018-19 (Free Skating - Singles and Pairs) - 2018/19 Technical Regulation. Basing on these media they have suggested the scores to be taken into consideration in order to compete in the most appropriate category

These scores will not be mandatory, but only a "recommandation" for all skaters.
